Auld & White is celebrating our 20th year providing quality commercial construction in Northeast Florida. Facilitating quality is achieved through the attitude of the people involved and the knowledge they bring with them. As we've grown to 150 employees, two things have remained the same; work as a team and do the right thing. This attitude has led to numerous repeat clients and many awards, most notably a 2006 National Award of Excellence from the Associated Builders & Contractors for the Beaches Area Historical Society Museum & History Center.

Innovation

We want to thank all our clients, subcontractors and vendors for 20 great years and we look forward to many more!
